2021 SCAA Workshop & Exhibition
Columbia Metropolitan Convention Center
September 13 – September 15, 2021
President’s Welcome Letter

Welcome to Columbia and the 2021 South Carolina Aggregates Association (SCAA) Workshop and Exhibit. The Workshop and Exhibit is the premier event for aggregate producers and their suppliers in South Carolina. We are excited about this SCAA inaugural event. The Workshop and Exhibit is designed exclusively for aggregate producers and their suppliers. What a great way to celebrate the formation of our new organization! The Columbia Metropolitan Convention Center, located in the Vista Historical District, is an area known for its great restaurants, historical buildings, and entertainment venues.

Meetings like this have enabled me to network with aggregate producers and suppliers across South Carolina. Information gathered has allowed me to be better prepared to address the challenges of our dynamic industry.

One of the most important aspects of the Workshop and Exhibit is the level of our educational and professional development program. I know you will find the speakers’ comments to be informative and timely.

Attached for your review are the Workshop and Exhibit registration materials. Your attendance is an indication of your commitment to making a positive contribution to the aggregates industry in South Carolina. We look forward to seeing you in September.

Meanwhile, I am here to help you. If there is anything, I can do for you, please do not hesitate to contact me.
